### Pascale Bellavance

**Integration Service  
Coordinator for Restigouche-  
West – New Brunswick  
Multicultural Council  
More precisely in the region  
of Saint-Quentin and  
Kedgwick.**

#### Q. Place of birth?

Saint-Martin de Restigouche, DSL de Saint-Quentin, NB. It is a small parish of around 300 souls. We all know each other and we are connected on one side or the other.

I grew up in this small community and also lived until recently, my parents still live there, now I live just a few

miles away and go there regularly to reconnect with nature – it is so lovely to listen to and to watch.

#### Q. Why this career choice?

A new challenge arose in the fall of 2020. I decided to take the plunge and I have no regrets about my decision.

#### Q. Your passion?

Sports, workout, dance, and to stay in shape. I have always enjoyed training, which allows me to set goals.

I took part in a Fitness competition in 2018, which was a very nice and enriching experience.

#### Q. Favorite hobby?

I love sheet metal painting and craftsmanship. When I paint, I forget about time and I create for fun.

It's crazy how you can have hidden talents.

Also, to cook.

I love it, I can sit there and cook all day. I got that from my mother.

We had a catering service for several years. We had cold, hot buffets.

At one event, we served more than 400 people.

#### Q. What advice have you appreciated the most in your life?

*You are capable, you are such a strong woman.*

We all go through challenging periods in our lives.

We have to make choices or make decisions that make us question whether the right decision was made.

I went through such times and never thought I was going to find a way through it all.

Yet I did. I found incredible strength in myself to cope with these times.

Today, I am so much more confident and proud of it, too

#### Q. Most enjoyable voyage?

It was with a group of co-workers in 2017. Since then, I have lost a friend, a very precious colleague in my life who was also part of that voyage.

When I was employed at Marie-Gaétane School in Kedgwick, I had a work colleague (Normand) who was a great friend, confidant and a mentor to me.

I could go see him to talk about everything and nothing. He was trusted by all of us at school, even the students.

We had a wonderful trip with a number of the school staff whose memories will stay with us all.

Unfortunately, a few years ago., we lost Normand due to cancer even though he had been a very fit and healthy person. One morning he woke up with that bloody cancer that got the better of him.

There's not a day that I don't think of him, or an occasion, remember how he loved to make us laugh and teach us about life.

**RIP NORM.**

#### Q. Destination yet to be discovered?

Canada, especially the prairies with its majestic landscapes and then towards the Rocky Mountains - as far as the eye can see – breathtaking!

We have a beautiful country that we can freely explore. Why not take advantage of it.

#### Q. Dinner with an historical figure?

**Oprah Winfrey,**

She is a person with a lot of experience and who can teach us a lot about life.

She's a model of resilience for women. I adore her.
